## EXPLANATORY NOTE

THIS volume deals for the first time with the internal trade of the Province of Bengal as it stands after its partition on 16th October 1905. In consequence of the transfer of a considerable portion of area to the newly constituted Province of Eastern Bengal and Assam, two of the nine trade blocks into which the province was originally subdivided for the purpose of recording the trade carried by rail and river have been abolished altogether, and of the remaining seven, the area of four blocks has been redistributed. These seven blocks are constituted as follows:—

- (1) The Calcutta Trade block, consisting of the town of Calcutta, with Howrah and the Kidderpore Docks.
- (2) Patna City.
- (3) The rest of Bihar and the districts of Purnea, Darjeeling, and Cooch Behar.
- (4) The Western Bengal block, comprising the districts of Burdwan, Bankura, Birbhum, Midnapore, Hooghly, Murshidabad, and part of Nadia (west of the Mathabhanga and the Hooghly).
- (5) The Eastern Bengal block, comprising part of Nadia (east of the Mathabhanga and the Hooghly), 24-Parganas, Jessore, and Khulna.
- (6) Chota Nagpur and the Tributary State of Gangpur.
- (7) Orissa, including Sambalpur and Moharbanj State.

A record of the trade of these blocks by rail, with one another and with other provinces is prepared in the Railway Audit Offices from invoices of goods despatched. In a similar way a record of trade carried by steamers between different blocks of Bengal and Eastern Bengal and Assam and the United Provinces is prepared from invoices preserved in the offices of the various Steamship Companies. The trade carried by steamers between Calcutta and the different blocks of Bengal is also registered in this way; but the steamer-borne trade of the other blocks of Bengal with one another is not recorded.

As regards the traffic by country boat there are two stations in Eastern Bengal and Assam and six on the frontier of the United Provinces which record the trade of these provinces with the different internal blocks of Bengal, excluding Calcutta. Imports into, and exports from, Calcutta by country boat are recorded by special agencies; but countryboat traffic between one block of Bengal and another is not registered.

No road-borne trade is registered except that of Calcutta, and the statistics of this trade appear only in Tables Nos. VI and VII which deal with the complete trade of Calcutta by all routes.

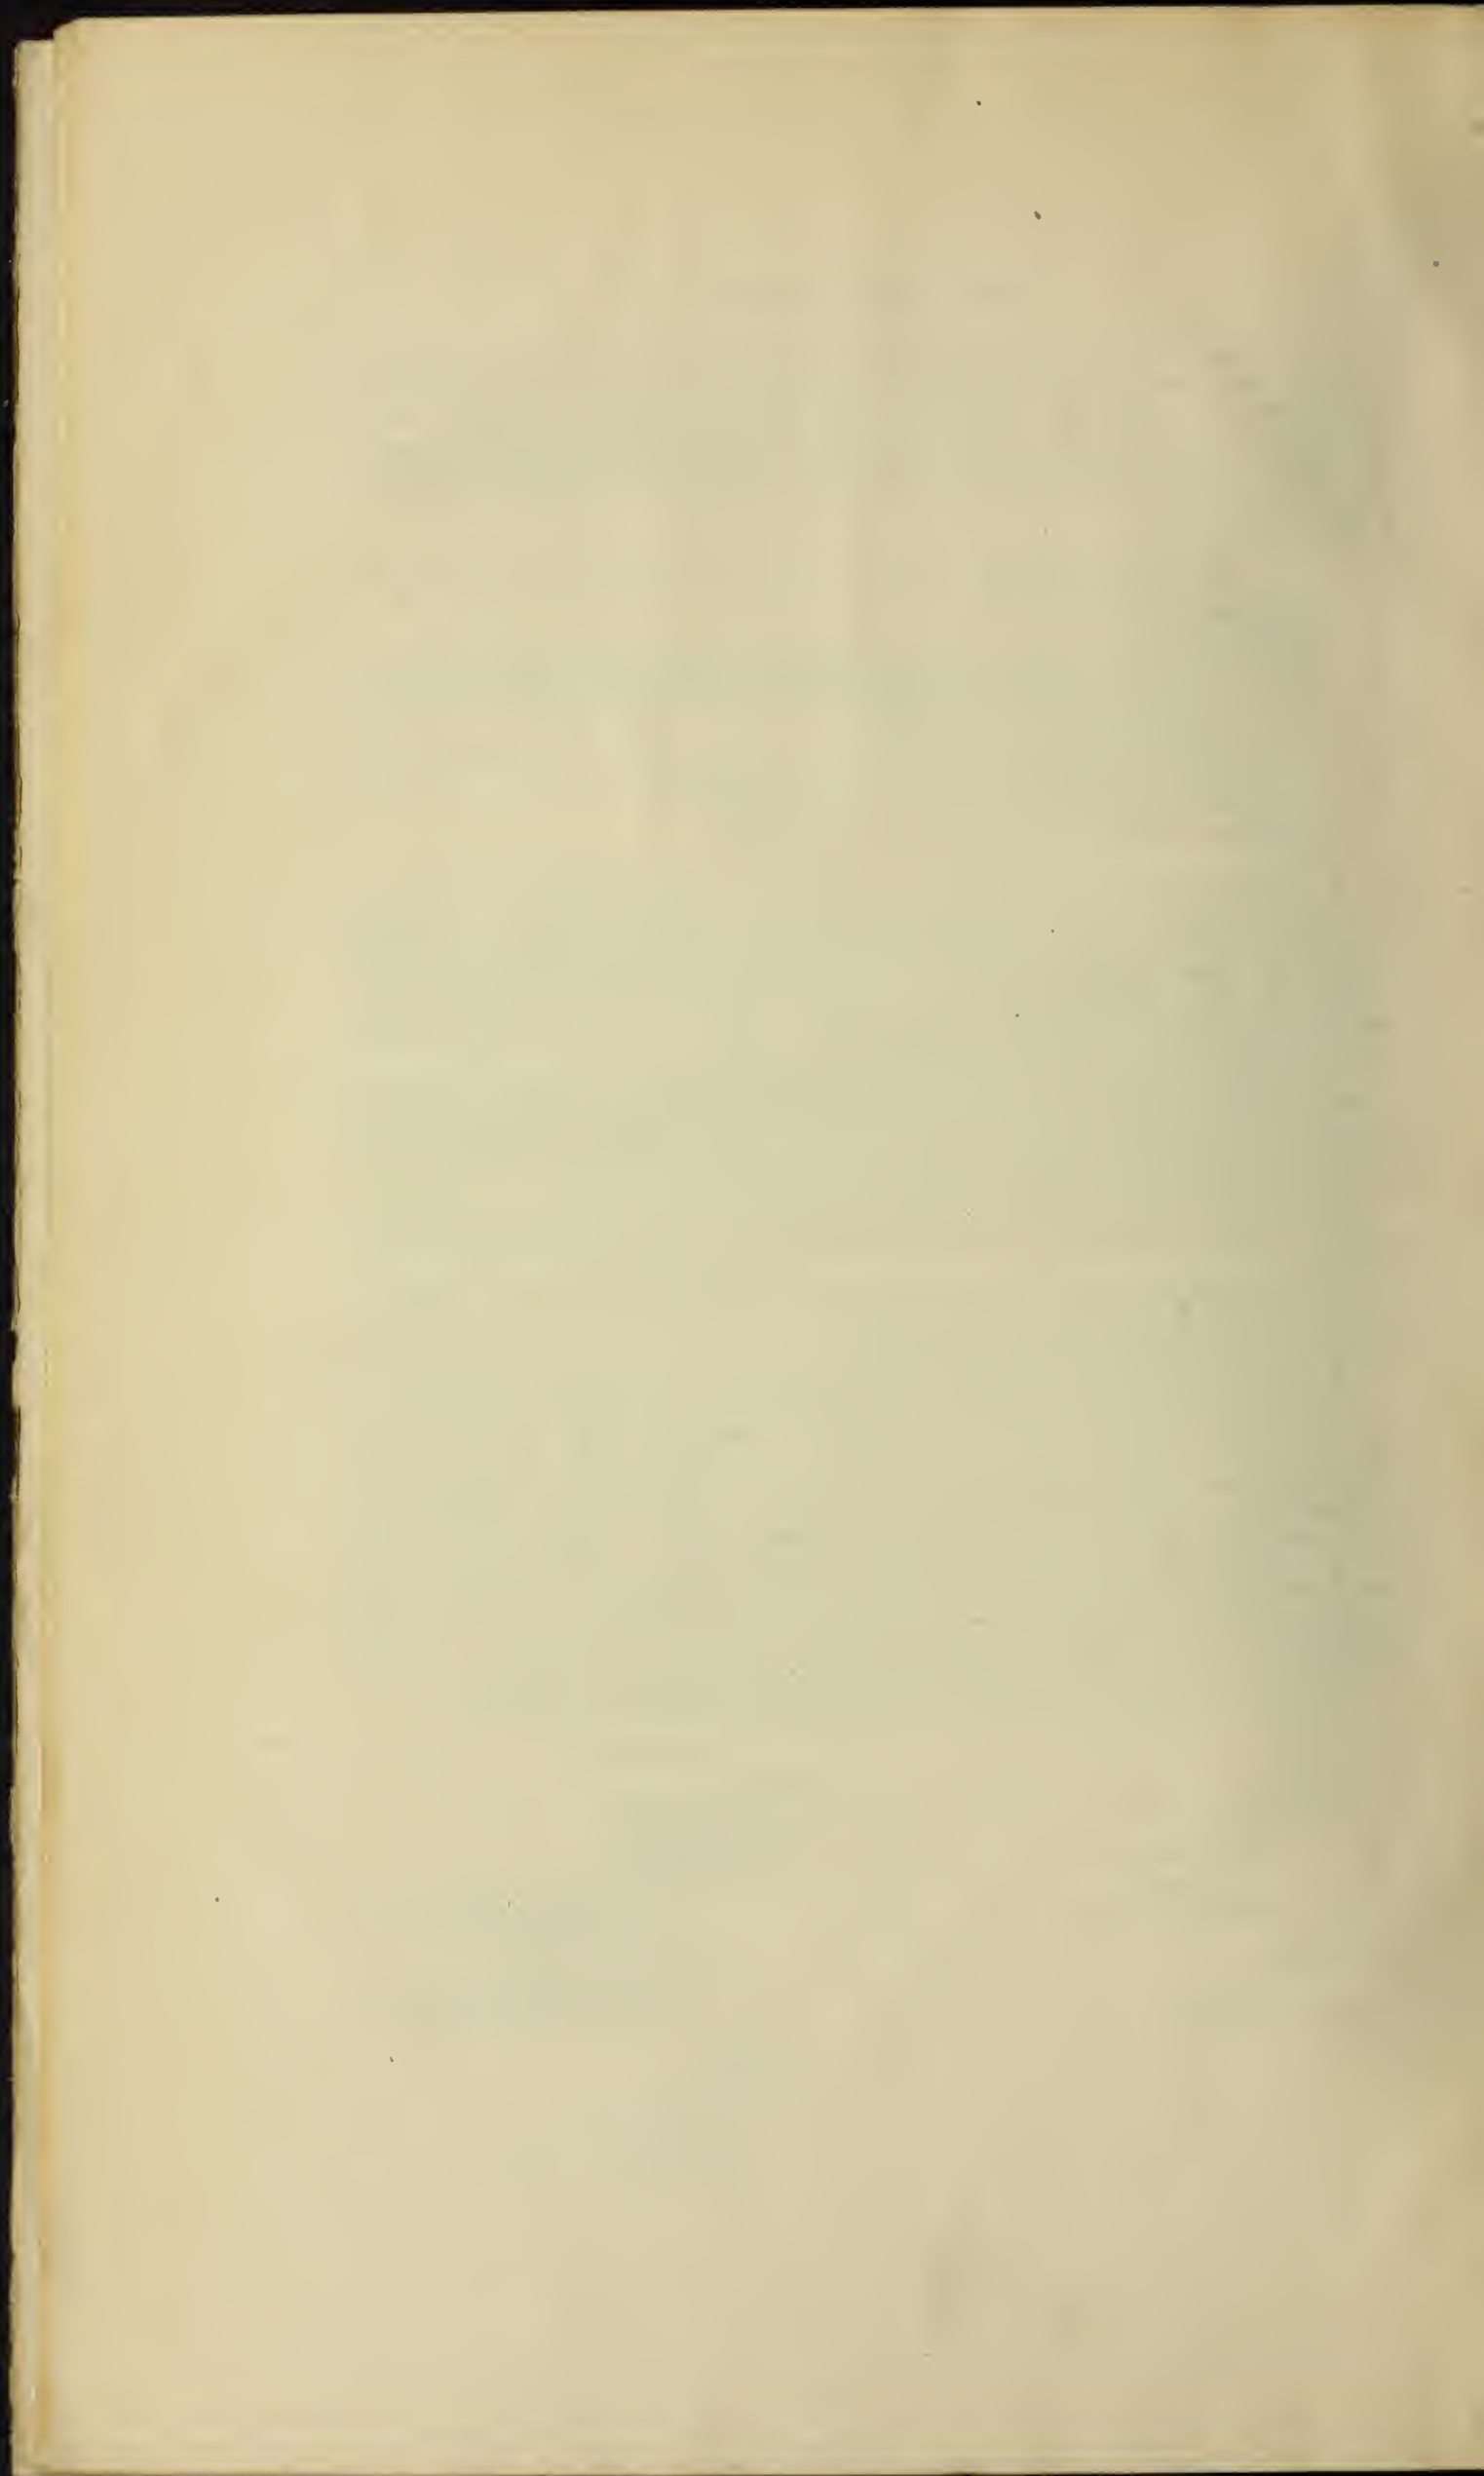

The weights stated in these tables represent net weight, that is to say, a reduction at a fixed conventional rate is made from the actual gross weight of the goods as recorded on the invoices by Steamer or Railway Companies.

A list of the rates at which reduction is made appears in the Appendix to this Report.

The value of the goods despatched by rail and by steamer is not recorded on the invoices, and consequently average values have to be assigned to each article when the accounts are made up. These average values are determined in a variety of ways. In the case of merchandise largely imported by sea, such as piecegoods, metals, liquors, salt, foreign sugar, kerosene oil, etc., average quarterly values are reported by the Collector of Customs in Calcutta. In the cases of the great majority of articles of Indian produce or manufacture, average market rates for each quarter are reported by officers at Calcutta, Patna, Burdwan, and Manbhum; and on these an average is struck for the whole Province. Coal, cotton, grain and pulse, jute, oilseeds, hides and skins, fodder, etc., are reported on in this way. The cost prices of opium and other intoxicating drugs are reported by the Board of Revenue, and the value rates for indigo and tea are calculated from Calcutta market reports.

The following changes were made in the classification of articles during 1906-07:—

Former classification	Revised classification
<b>Metals—</b>	<b>Metals—</b>
5. Iron and steel—	5. Iron and steel—
(a) Cast	(1) Unwrought
(b) Unwrought	(2) Wrought—
(c) Wrought	(a) Bars, sheets, girders and
(d) Manufactures	other Commercial forms of
	iron and steel
	(b) Machinery and mill-work
	(c) Other manufactures, includ-
	ing hardware and cutler
6. Others	6. Metallic ores
Stone and Lime	7. Others
	<b>Mineral Substances—</b>
	(1) Marble and stone
	(2) Chalk and lime
	(3) Others

# REPORT

ON THE

## TRADE CARRIED BY RAIL AND RIVER IN BENGAL

IN THE

### OFFICIAL YEAR

### 1906-1907

---

The figures in these tables relate to the trade of Bengal as constituted after the partition of the Province on the 16th October 1905. In the reconstitution of the Province, a considerable area has been transferred to the newly-constituted Province of Eastern Bengal and Assam, and most of the trade blocks have been revised. Direct comparison of the trade figures for the year under report with those of previous years would therefore be misleading. The figures for two previous years usually given for the purpose of comparison, have accordingly been omitted from this report.

The climatic conditions of the year under review were, on the whole, unfavourable to the principal crops of Bengal. The rainfall in March was somewhat in excess of the average, but April was exceptionally dry, and this retarded the sowing of the jute and rice crops. The monsoon set in about the middle of June, but the first showers were not sufficiently heavy. In July and August the rainfall was everywhere heavy, especially in North Bihar, where all the crops suffered from floods. In September it was generally deficient. In October, the critical period for the winter and spring crops, it was unequally distributed, the Bihar districts suffering from severe drought, while the rest of the Province received sufficient or nearly sufficient rain. In November, December, and January drought prevailed, except in places where a few light showers fell. In February and March, on the other hand, cloudy weather, heavy showers and hailstorms in places damaged the spring crops to a large extent. The area sown with rice was about 24½ million acres, but the outturn was much below the average. The estimated acreage of jute crop was 3·3 million and outturn 8·7 million bales of 400 lbs. each.

Taking the rates which ruled at typical centres, such as Calcutta, Patna, Burdwan, and Manbhum, the average retail prices of food-grains per maund during the year were—

	1904-05			1905-06			1906-07			
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	
Quantities sold for a rupee—										
Rice (common)	...	3	2	2	3	10	10	4	5	8
Wheat	...	2	13	3	3	7	8	3	11	2
Gram	...	2	6	1	2	14	6	3	6	6
Maize	...	1	14	1	2	9	10	2	13	3

The figures for 1904-05 and 1905-06 represent the average prices ruling at Calcutta and Patna.

For other agricultural staples the wholesale rates per Indian maund were—

	Rs.	A.	P.
Jute	...	...	8 14 0
Sugar, raw ( <i>gur</i> )	...	...	5 5 0
Tea per pound	...	...	0 5 5
Rape and mustard seed	...	...	6 1 2
Linseed	...	...	5 3 11

The trade recorded in these tables is as follows:—

- (a) Tables I and II.—Trade of Calcutta and the rest of Bengal with other provinces by rail and river.
- (b) Tables III and IV.—Trade of each internal block of Bengal with other provinces by rail and river.
- (c) Table V.—Trade of the internal blocks of Bengal with one another by rail and in the case of Calcutta by rail and river.
- (d) Tables VI and VII.—The trade of Calcutta by all routes.

This trade falls naturally into the following classes :—

- (1) Exports from Calcutta to the rest of Bengal and to other provinces.  
These exports naturally consist of goods which have been imported by sea into Calcutta from foreign ports and also of the products of Calcutta factories.
- (2) Imports into Calcutta from the rest of Bengal and from other Provinces.  
Goods sent to Calcutta for export by sea or for manufacture will fall into this class.
- (3) Exports from the rest of Bengal to other Provinces.
- (4) Imports into the rest of Bengal from other Provinces.

These last two classes consist for the most part of natural produce and some articles of local manufacture.

Kerosene oil, however, is an important exception to this rough classification. It is imported by sea, but as the imports are stored at Budge-Budge, which is beyond the limits of the Calcutta block, it appears, when despatched to other Provinces, as an export from Bengal and not as an export from Calcutta.

The following figures show the trade of Calcutta and Bengal according to the four classes given above in the year under review :—

		Exports from Calcutta to the rest of Bengal and to other Provinces.	Imports into Calcutta from the rest of Bengal and from other Provinces.	Exports from the rest of Bengal to other Provinces.	Imports into the rest of Bengal from other Provinces.
1906-07	{ Mds. 54,220,609 Rs. 51,03,28,282	237,808,755	81,81,23,158	46,479,271	22,361,723
				8,79,14,585	13,68,81,317

Exports from Calcutta, both to the rest of Bengal and to other Provinces, represent about 23 per cent of the imports in quantity and 62 per cent in value. Nearly one-half of the total volume of goods exported from Calcutta go to Bengal and the other half to the other Provinces, but the value of the exports to other Provinces is slightly higher in proportion. The chief items of export from Calcutta to Bengal and other Provinces are cotton piecegoods, mostly European, metals and manufactures of metals, sugar, cotton twist and yarn, about 58 per cent of which is European, oils, spices, salt, railway plant and rollingstock, and gunny bags and cloth. In the year under report a large quantity of rice, husked and unhusked, was also exported from Calcutta, namely, 9·2 million maunds, valued at Rs. 399·5 lakhs, of which Eastern Bengal and Assam took 5·8 million and Bengal 3·3 million maunds, owing no doubt to the prevalence of scarcity in these provinces. The despatches of European yarn and piecegoods were Rs. 1,776 lakhs of which Bengal took Rs. 724 lakhs Eastern Bengal and Assam Rs. 487 lakhs, United Provinces Rs. 425 lakhs, Panjab Rs. 92 lakhs, and Chittagong about Rs. 6 lakhs. The exports of Indian yarn and piecegoods were Rs. 158 lakhs, of which the chief recipients were—Bengal Rs. 107 lakhs, Eastern Bengal and Assam Rs. 31 lakhs, and the United Provinces Rs. 7 lakhs. The other principal exports were as follows.—

	Rs.
Iron and steel, wrought and unwrought	511 Lakhs
Sugar, refined and unrefined	333 "
Oils, all descriptions	217 "
Spices, all descriptions	214 "
Salt	214 "
Railway plant and rollingstock	135 "
Gunnybags and cloth	129 "

The quantity of imports into Calcutta from Bengal and from other provinces represent 438 per cent and the value 160 per cent of the total exports. The principal articles in this class were raw jute, coal and coke, rice, tea, hides and skins, opium, lac, gunny bags, wheat, linseed, rape and mustard seed, and chalk and lime. Twenty-six million maunds of jute, valued at Rs. 2,417 lakhs were imported into Calcutta, of which Eastern Bengal and Assam contributed 16 million maunds worth Rs. 1,474 lakhs. These figures represent only the raw jute brought into Calcutta for export or for manufacture in the comparatively small number of mills which are within the limits of the Calcutta block. Imports of coal and coke amounted to nearly 146 million maunds with a value of Rs. 476 lakhs, and those of tea, contributed almost entirely by Eastern Bengal and Assam, to 2,076,992 maunds valued at Rs. 599 lakhs. The other principal imports were—

Rice, 12·9 million maunds (almost entirely supplied by Bengal); oil-seeds, 8·8 million maunds; wheat, 4·6 million maunds; chalk and lime, 2·2 million maunds, of which Eastern Bengal and Assam contributed 1·2 million maunds; and hides and skins, 1·5 million maunds.

The exports from Bengal to other provinces consisted for the most part of coal and coke, chiefly to the United Provinces, rice, sugar, lac, and kerosene oil. The trade in these articles during the year under review were:—Coal and coke, 33 million maunds; rice, 3·4 million maunds, chiefly to Eastern Bengal and Assam; sugar, 1·4 million maunds; lac worth Rs. 44·5 lakhs; and kerosene oil, 2·6 million maunds, mainly to Eastern Bengal and Assam and the United Provinces.

As regards imports into Bengal (excluding Calcutta) from other provinces, the principal shares in the total transaction were taken by the United Provinces and Eastern Bengal and Assam. The principal articles of imports were raw jute, foodgrains, oilseeds, opium, and sugar. Imports of jute contributed chiefly by Eastern Bengal and Assam were 7 million maunds, and those of opium exported almost wholly by the United Provinces 18,836 maunds. Imports of food-grains were 8 million maunds.

#### INTERNAL TRADE

The trade of each registration block in the year under review is given below in millions of maunds:—

			1906-07	
			Imports	Exports
Calcutta	...	...	196·0	27·3
Western Bengal	...	...	25·9	100·7
Chota Nagpur	...	...	3·4	107·0
Eastern Bengal	...	...	24·0	19·2
Bihar	...	...	23·5	16·8
Orissa	...	...	2·2	4·0
Total Trade	...	...	275·0	275·0

The largest part of the produce imported into Calcutta by rail and river comes from the Western block (chiefly coal and coke, grain and pulse, and gunnybags and cloth), Chota Nagpur (chiefly coal and coke), Eastern Bengal block (chiefly grain and pulse, jute, and timber), and Bihar (chiefly grain and pulse, oilseeds, and marble and stone). The imports into the Eastern block are principally coal and coke from the Chota Nagpur and Western districts, and also rice and paddy from the Western districts; salt and foodgrains from Calcutta, and jute from Calcutta, Bihar, and Western Bengal.

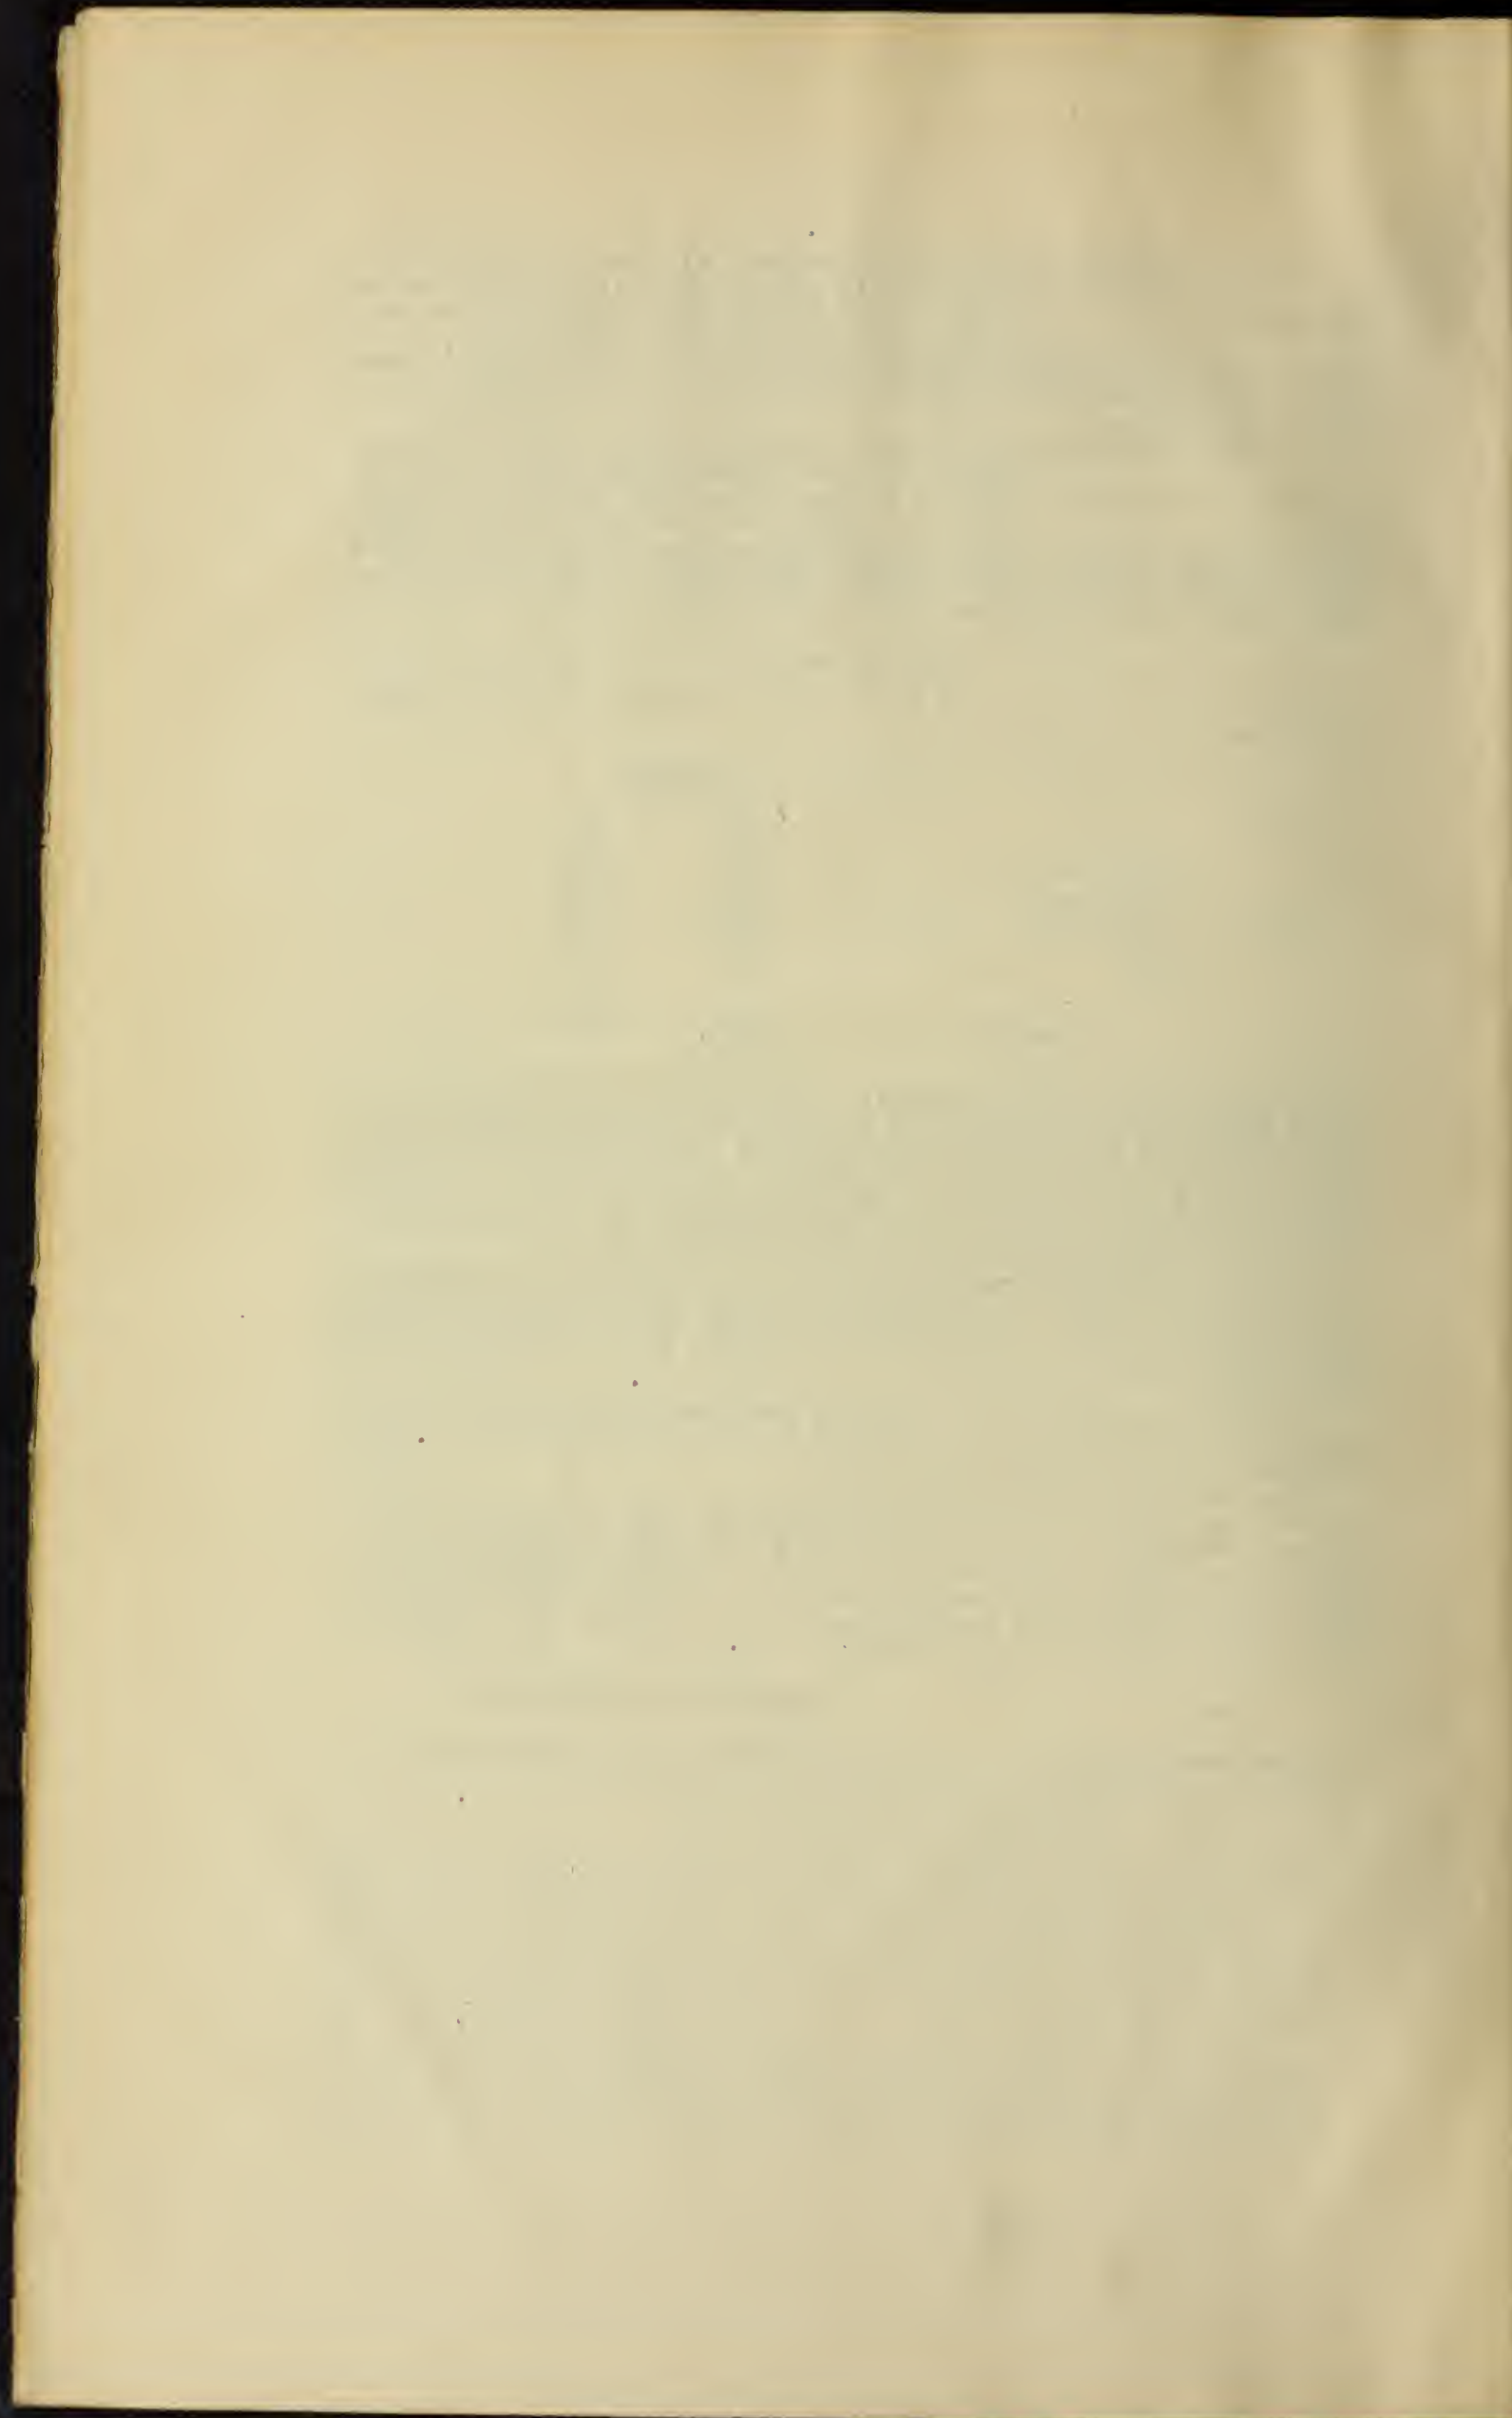

The Western block receives principally coal and coke, metallic ores, and timber from Chota Nagpur; salt, grain and pulse, oilcake, railway plant and rolling stock, sugar, metals and manufactures of metals, and piecegoods from Calcutta; jute raw, marble and stone, grain and pulse, oilseeds, and tobacco unmanufactured from Bihar; and kerosene oil from Eastern Bengal.

The Bihar block receives chiefly coal and coke from Chota Nagpur and the Western Bengal block; salt, railway plant and rollingstock, sugar, piecegoods, and iron and steel from Calcutta; Kerosene oil from Budge-Budge.

The exports from the Western Bengal block consist chiefly of coal and coke and grain and pulse sent to Calcutta, and coal and coke to the Eastern block. Chota Nagpur exports principally coal and coke to Calcutta and the Western, Bihar, and Eastern blocks. Bihar sends grain and pulse and oilseeds chiefly to Calcutta. The articles most largely exported from Calcutta are salt, railway materials, grain and pulse, sugar, wrought iron and steel, cotton piecegoods, oilcake, and gunnybags and cloth and from the Eastern block jute, grain and pulse, kerosene oil, timber, and fodder.

CALCUTTA,  
The 9th October 1907

FREDERICK NOËL-PATON  
Director-General of Commercial Intelligence

Important changes in the rates of freight on goods carried by the Railways in Bengal in 1906-1907 and the preceding year

(a) All, but 6,876 maunds in 1905-06 and 6,942 maunds in 1906-07 represents imports into the town of Calcutta from Budge-Budge in the Eastern Bengal block. These Calcutta, though several miles from the town, and hence what comes to the town

are omitted from the trade by all routes, because of the oil bridge, where all kerosene oil imported by sea is distributed and a part, is withheld for port of storage. The oil is previously shown as imported by the railway sea.
